A Message from your president, Carol Subera

Welcome to 2018. The New Year is a traditional time to look back, reflect and remember the past year. WAFCS honors our past in recognizing and appreciating the contributions of our legacy members. In addition we celebrate our many active members who have been contributing to WAFCS/AAFCS for many years. However, a New Year is also a reason for looking forward and it is time to welcome and focus on our newest members. The future of WAFCS/AAFCS and the F/CS profession depends on the leadership and commitment of those who have recently entered the profession and those who are soon to graduate.

Many years separate some of our members but even though a variety of societal changes have occurred, we still have the same mission, values, and concern for the family as a basic unit of society. We still focus on family issues and dynamics. Methods may have changed in delivering F/CS information from blackboards, filmstrips, overheads and VHS tapes to smart boards, web pages, Google and smart phones but our central mission as we meet the challenges affecting the family remains steadfast. We extend a heartfelt welcome to those of you who are recent members as we look forward to working with you in your professional endeavors and your involvement in WAFCS.

Resolutions are also a traditional New Year ritual and I would like to submit the following for all of our members to consider for 2018:

- Resolve to attend and participate in the annual WAFCS conference March 1-3
- Resolve to say yes when asked to take a leadership role in WAFCS
- Resolve to promote FCS/WAFCS/AAFCS to potential members
- Resolve to continue to be a role model for FCS, WAFCS and AAFCS

Have a great start to 2018 and I hope to see many of you in at the conference. You won’t be disappointed in the great program that has been put together by Cathy and her committee.

An active participant in many community groups, Nyla has been president/vice-president of Interfaith Volunteers as well as being a volunteer driver and reader for that group. She has also been the president/vice-president of The Federation of Women, Black River Falls, active in the ELCA Lutheran Church again serving as president/vice-president, teaching Sunday school, serving as lay leader and attending state and national conferences.

Nyla was also active in 4-H, hosting an International Four-H Youth Exchange from Chili and traveling to Finland to represent Wisconsin. She served in many capacities in Wisconsin Association for Home and Community Education (Jackson County) and WEAFCS/NEAFCS.

Nyla’s accomplishments have been recognized with her receiving the following awards:

- Distinguished Alumni Award-UW-Stout
- Distinguished Service Award AAFCS/WAFCS

- Local and State CAROL Award (Jaycettes)

On a personal note, one of my college friends (Nancy Nehring), who was from Jackson County, often mentioned Nyla as a role model.

Nyla observes that there is not enough recognition of the importance of life-long skills that F/CS provides in today’s society. Her advice to current members- “Keep the Betty Lamp burning as FCS is one of the most valuable, educational tools our society has to reach individuals of all ages, regardless of culture or race.”

We thank Nyla for her years of service and commitment to our profession.
What do Retired Home Economists Do?
Answer: Use their talents to develop new projects

For the last year a team of volunteers representing Waushara County’s Department of Aging have been researching the feasibility of introducing the Memory Café concept to the community.

Memory Cafés (sometimes known as Memory Care Cafés) provide a fun and comfortable environment where people with mild cognitive impairment and their “care partners” can enjoy the company of others facing similar challenges and learn, laugh, and visit together. Café activities are chosen with the participants’ abilities and interests in mind. Most Cafés are two hours in length and are held in an easy to access welcoming facility.

During late 2015 through the spring of 2016, Karen Wenninger, a volunteer leader for the Waushara County Dementia Support Group and I traveled around Wisconsin visiting Memory Cafés. We experienced programs in Portage, Wisconsin Rapids, Sturgeon Bay, Stevens Point, DeForest, Oshkosh, Westfield and Madison. In addition local coordinators, some paid, others volunteer, spent time with us highlighting successes and barriers in the efforts to launch Memory Cafés in their communities.

From our observations and discussions, the local Waushara County Team, built our “Best of the Best” Memory Café format, that we felt would work. The Memory Café Would be one part of an overall plan to make the county a more dementia friendly community. Projections indicate as baby boomers age, the number of individuals suffering from cognitive impairment will only increase. The term “silver tsunami” has been used for this phenomena.

Our pilot Memory Café was held on August 21st with the theme “Good Old summertime”. Twelve individuals suffering from memory impairment, along with their care partners attended. Care partners can be spouses, children, paid caregivers and even neighbors or friends.

October Café was “Octoberfest” which included harvest, hunting and Halloween activities. Our December event “Jingle Bell Fun” revolved around the holiday season.

We chose to move the café location around the county. Town halls, restaurants, community centers and libraries volunteered to provide a venue when they learned of our efforts. The local Memory Café team spent hours speaking to local service groups, government agencies and churches about Memory Cafés. Through word of mouth we had a list of venues that covered our first year. Fees for building use were waived and we gained volunteers through this “speakers bureau” effort.

Our “best of the best” café runs for two hours, on a weekday, in the afternoon. We have starts slowly by offering a café every other month. In 2019 we may expand to a monthly event. However that will depend on funding, volunteer commitment and evaluations from participants.

Dementia compromised individual’s experience senses differently. Due to variations in abilities we have created a rhythm to our two hour café format by developing activities around these basic questions.

<table>
<thead>
<tr>
<th>What can you sing?</th>
<th>What can you say?</th>
</tr>
</thead>
<tbody>
<tr>
<td>What can you do?</td>
<td>What can you see?</td>
</tr>
<tr>
<td>What can you create?</td>
<td></td>
</tr>
</tbody>
</table>
The activities that accompany these questions are theme related songs, physical games, crafts, questions/answer sharing, and art appreciation. Doodle activities, art supplies and puzzles are on the tables to be used when an individual may need a change or break from the large group activity. Of course light hearted jokes, snacks and a small usable parting gift, reflecting the theme, are all part of the “rhythm”. We observe old fashioned fun. For a family that is experiencing dementia this is a refreshing opportunity to just enjoy the day.

Our initial exploration team charged with the researching the Memory Café program for Waushara County was four. It has been amazing the number of volunteers whom have stepped forward to assist. Our snacks are made by a retired chef. A department of Aging Board member, a lover of crafting, contributes time, talent and supplies. She recruited her husband to play Santa for the December event.

We have a resident musician who plays the concertina so we always have a “sing along with Carl” segment. Some volunteers have experience with family members with dementia and others just want to insure that these types of services are available for themselves or loved ones if needed.

The **Foundation Grant** was key to the early success of the Waushara County Member Café project. With the funds we bought basic equipment that is used at every session – easels, flip chart stands and a specialized coffee/hot drink maker. Supplies for crafts, paper/pencil activities, art supplies have been purchased. The Department of Aging had limited funds for a pilot project so our efforts began on a shoe string. But the grant gave us the flexibility to make the Café a quality program that we had hoped.

Since our early Cafés have been so successful, we have had service organizations donate funds to the care efforts and the Department of Aging has now developed a specific “Memory Café line item to a funding appeal, that appears monthly in the “Loose Ends” Department newsletter that is distributed county wide.

February 20th is the “Snow Ball” and it is scheduled at the Wautoma Senior Center in Wautoma from 1-3 pm. Do you now someone from Waushara County that might need and enjoy being part of a Memory Café? Are you a Home Economist that has time and talents to share? There is always a place for our special gifts. You just need to reach out and someone will greatly grab your hand and welcome you a board – and maybe you can bring along some funding that will make your project “the best of the best” from our WAFCS Foundation.

Thank you so much for the grant funding. We really would not be experiencing the success without your dollars and support.

Sincerely,
Edie Felts Podoll
